

CHG-20 Professional Battery Charger 20 pcs.

- Simultaneous charging of up to 20 pcs for AA battery.
- The charging status of each pack is shown on individual charge capacity indicator LEDs. (Red indicates is charging, Green indicates is battery full, Yellow indicates is Error Charging).
- Four Charging Mode: 400 mAh mode, 600 mAh mode, 800 mAh mode, 1000 mAh mode
- Input Voltage: DC 12V 5A.

CHG-20 is a Battery charger 20 pcs for AA battery. AA Battery use with wireless chairman discussion unit (WCS-400D chairman) and wireless delegate discussion unit. (WCS-400D delegate).

Feature

- This charger can simultaneously re-charge up to 20 pcs AA battery.
- The charging status of each pack is shown on individual charge capacity indicator LEDs. (Red indicates is charging, Green indicates is battery full, Yellow indicates is Error Charging).
- Four Charging Mode: 400 mAh mode, 600 mAh mode, 800 mAh mode, 1000 mAh mode.
- Input Voltage: DC 12V 5A.

Specifications

Power Supply	DC 12V 5A
Charge quantity	20 pcs
Charging Mode	400 mAh, 600 mAh, 800 mAh, 1000 mAh
Charging status	Red LED – Charging Green LED – Full Charged Yellow LED - Error Charging
Dimensions	379x42x219 mm

Certifications : CE and RoHS

The CHG-20 conforms to standard

Controls and Indicators

On front

- 1 LCD display for status information and configuration.
- 1 button (SET) for select Charging Mode.
- 1 button (<) for select previous display battery status.
- 1 button (>) for select next display battery status.
- Charging status red indicates is charging, green indicates is battery full, yellow indicates is error charging. indicator LEDs on each pack.

Interconnections

On rear

- Power on/off switch.
- 1 x DC input.
