

# DENON DJ

HP1100

PROFESSIONAL DJ HEADPHONES

## PRODUCT OVERVIEW

---

When the only option is the best, the Denon DJ HP1100 headphones are the way to go. Their oversized 53mm drivers—the largest in their class—deliver unparalleled bass response and impact. You'll hear every detail. They handle an impressive 3500mW of power, so high volume all night is no sweat. With an innovative 180-degree swivel and dual-pivot ear cup design, the HP1100 conforms to any head size/shape and is more durable than other headphones. Dual 1/8" and 1/4" connectors ensure compatibility with all equipment and their convenient folding design means you can take them anywhere.
