

Cable Tester

CT2

HIGHLIGHTS ■

6-POSITION ROTARY SELECTOR
with individual LEDs for up to five pins
plus internal battery life check

The CT2 offers many common connectors such as Speaker Twist, XLR, Phono, BNC, DIN, TRS, TS, DMX and Banana. The CT2 allows for testing cables even with different connectors at each end. For example, it is simple to test a TRS to XLR cable. With well illuminated LED indicators and a simple rotary dial, users can quickly establish whether a cable is wired and functioning correctly, or if it is dead and in need of repair.

ORDER SPECIFICATIONS ■

Box dims:	4.8 x 6.8 x 3.0 inches
Weight:	1.5 lbs
dbx code:	691991001864

CT3

HIGHLIGHTS ■

SPLIT DESIGN
allows users to test the cable at the plug-in source

The dbx CT3 is an advanced cable testing unit allowing users to evaluate a large variety of cables with ease. The CT3 split design allows users to test the cable at the plug-in source saving time and potential confusion. The CT3 offers many common connectors such as RJ45, RJ11, MIDI, Speaker Twist, XLR, RCA Phono, BNC, DIN, TRS, TS, DMX and Banana.
